Suspended

Contact Information

It is essential to have officer elections for the following year as the 2022–2023 academic year comes to a close. Please do not hesitate to contact me if you need assistance and have not yet held elections. Please get in touch if you've held elections and let people know who the new officers are. It is critical to inform the club's leaders of any district-related information.

Division Officer Training

Divisional officer training is right around the corner. I am currently working out a date and location to host the training. It is essential for officers to attend this meeting. It teaches them how to become great leaders for their clubs! I will contact clubs as soon as I get more information.

Dollywood Fall Rally

Dollywood Fall Rally will be held on October 21, 2023 in Pigeon Forge, Tennessee. Don't forget to mark it on your calendar! This is an amazing opportunity to connect with members across the district. Dollywood offers a variety of rides and entertainment. You do not want to miss this opportunity! For more information check out the K-T District website: <https://www.ktkey.org>

Programs and Partners

Programs and Partners is a great way to learn more about organizations or programs that offer service hours and extra help to our clubs. This month Ronald McDonalds House has the spotlight! The Ronald McDonald House Charity (RMHC) was a non-profit organization founded in 1974 to help keep families of sick or injured children nearby in their time of need. They provide a "home-away-from-home" and relieve the financial burden for the families that must travel to access adequate medical care for their children. For more information about RMHC, visit <https://rmhc.org>

Participation with a local RMHC makes a massive difference in someone's life. It can be holding a fundraiser, drive, or volunteering at a local chapter. With your help, chapters worldwide expanded their reach and helped families deal with their child's medical crisis with a community.
