Let's Talk About August

Happy Back to School, Division 14! I hope you guys had a good first day or hope you have a good first day if you haven't started. I am so excited for Key Clubs to be active again and see what this year has in store for our division!

Talking about Key Clubs, dues are payable on October 1st for our early birds! Division 14's officer training will be held Sept 2nd and the location is yet to be verified as I get in touch with the people there! I am so excited to meet you guys in person and talk about our goals for our clubs this year.

Key Club International Programs and Partners

Ronald McDonald House

The Ronald McDonald House Charity is a non-profit organization founded in 1974 to help families of sick or injured children near during their hard times. They provide a "home-away-from-home-" as they also relieve financial burden on families who must travel to access medical care for the children. This helps families stay close to the children which helps both the sick or injured children and the families stay positive. Key Club has been fundraising, doing drives, and/or volunteering at a local organization.
