End Of Year

Hi guys! As the year comes to an end, I know most of your clubs are wrapping things up and getting ready for summer break. In this month's newsletter, I'm going to go over a few suggestions for the summer and reminders for the year. I wish you all good luck on your tests and am so excited to see you back next year.

New Officers

If your club hasn't had officer elections yet, I would recommend getting them done before the end of the year, which will make the transition to next year much easier. Once you have elected your officers, make sure to establish a form of communication between the new officers.

Summer Plans

Although clubs are not meeting over the summer, this doesn't mean that you cannot continue to be involved in the community with or without your club. It might be a good idea to find a service project to participate in over the summer and encourage your club members to do the same. If you want, the summer is also a great time to get together your new board and get to know each other. Presidents and advisors should start thinking about plans for next year.

Contact Info

I am excited to work with you all this year and to make sure we can communicate, I need your club contact info. If you have already had elections, I would love it if current officers or advisors would send me your club officers' updated information. Thank you!
