Summer Synergy

Hello everyone! I hope your summers are off to a great start! During this time it can be hard to be active with service due to Key Club being connected to your school year.

This is why I highly recommend presidents and advisors to hold summer meetings so your club can brainstorm for the upcoming year. If your key club is unable to host a summer meeting, reach out to your local Kiwanis! Ask them if they have any service you can participate in or ask them to attend one of their meetings! Summer is a great time to make new connections and synergize!

CALENDAR:

New Club Building

Im sure you all know the joys of being in Key Club and the joys of being able to help your communities. One of the committees I'm a part of this year is new club building. This committee charters Key Clubs at schools that don't have one. If you all have any friends who go to school that doesn't have a Key Club and would want one... email me and let me know! We're always looking to expand the family in Division 7!

Summer Task

Summertime can sometimes feel slow and wasteful. If you are looking for something to do over the summer to help your resume or to be recognized as a leader globally, look at Key Clubs Global Leadership courses. The Global Leadership Certificate Program offered by Key Club International is a great way to expand your experience as a leader. Doing this during the summer would be one way of opening doors to new opportunities and prepare for the following year!

"The Global Leadership Certificate Master Class helps participants better understand GLC concepts and apply lessons from the GLC into real-world scenarios. The GLC Master Class is also very helpful in preparing Key Club members for future leadership. I highly recommend applying for this amazing opportunity!"
