Addressing Contacts

I have already contacted everyone within the division, however I haven't received responses yet! Please reach out to me as soon as you've seen my email so I can formally introduce myself. If there is an alternative email you would prefer me reaching out with you with, let me know! That way I can immediately reach out once again!

Summer Service

I wanted to address summer service because I know how much of an impact we make during the school year when we complete our hours. However, I see a lot less service done during the summer but it's important to keep service a constant at all times of year, so help me start an initiative of Summer Service. If you would like to help out during the summer, give me the chance to help you find opportunities and become more connected with our local community!
