Introduction to the Ronald McDonald House!

The Ronald McDonald House (or RMHC) is a great service based organization, that the K-T District has partnered with to make our District Project.

Their chapters span 62 countries and regions from all around the world! The mission of the RMHC is to reduce emotional and physical added burdens, so parents can focus on what matters most. They do this through House, Family Room, and Mobile Programs. There is so many ways for each and everyone of you to get involved! More information about that will be made available at the start of next school year. So excited to make a great impact with such a great organization!

Teen Ambassador Program

A great way for rising juniors and seniors to get involved within the Ronald McDonald House is through the Teen Ambassador Program. If you live near the Southern Appalachian Chapter in our District I recommend applying. More information about this can be found at the link below!
