INTRODUCTION TO RONALD MCDONALD HOUSE:

McDonald's operators in Philadelphia donated proceeds from the sale of Shamrock Shakes to fulfill Dr. Evans' dream of a house that could serve as a temporary residence for families of children being treated at her hospital, which led to the first Ronald McDonald House. By 1979, ten more Houses had opened. Now the Ronald McDonald House is a charitable organization that provides temporary housing for families with children who are receiving medical treatment at nearby hospitals. By helping your local Ronald McDonald House, you can reduce the stress and financial burdens many families face!

WAYS TO HELP:

- 1.) Donate at McDonald's
- 2.) Host a fundraiser
- 3.) Collect pop tabs and give them to your local Ronald McDonald House
- 4.) Host a fundraiser
- 5.) Prepare meals for families
