What is happening now?

Save the Date--Spring Rally is here!

The springtime means that it is time to start preparing for the next year of Key Club. Prior to the start of the Kentucky-Tennessee District. In Key Club, the Spring Rally is a meeting that is designed to bring club's together in the division, communicate our year's successes, and finalize a few things for the upcoming year.

This year's Division 12 Spring Rally has been set. Sorry for the late notice but the plan for spring rally is to hold it at the Louisville Public Library. The plan is to host the event on March 3rd, 2018 at 1:00pm. I would like to try and be done around 3:00pm.

If you don't already know, Spring Rally is a time for us to communicate about our year and to also run for endorsements and elect a new LTG for our district that will be installed at the K-T District Convention. We will also be recognizing an outstanding Key Clubber of the division. Each club in attendance will have two voting delegates, so please plan to send representatives to have your voice heard! Hope to see you there!

2018 K-T DISTRICT CONVENTION

The 2018 K-T District Convention is just three weeks away! Hopefully by now, your club has sent in their registration and your members are working on representing your club through the various competitions held throughout the weekend!

This year's keynote speaker is Judson Laipply—from the famed “Evolution of Dance” videos. Look him up to get a jump start on the fun that we are about to have at DCON this year!

DCON is a chance to network with Key Clubbers from all over the district, as well as develop your personal leadership skills. There will also be a group service project on Saturday morning to benefit a local children's hospital.

The convention will be held in Lexington, Kentucky at the Marriott Griffin Gate Resort. Hope to see you there! 😊

We need to Talk...like seriously 😊

Communication is KEY!! 😊 I am more than willing to assist every individual club in our district with any questions or concerns this year. However, I am not able to facilitate the required help if I am unaware of the issues at hand. In order to consistently keep the lines of communication open, I plan to implement a few ideas:

REMIND IOI

The use of Remind101 will allow our division to quickly communicate information across a wide platform and help to diminish the problems of communication in our division. Please take advantage of these memberships so that they can be effective tools for us to use!!

DIVISION 12 REMIND

This reminder is for **ALL MEMBERS** of Division 12. We can use this to coordinate multi-club service projects, highlight opportunities that exist, and send reminders about conventions & rallies.

DIVISION 12 OFFICER REMIND

This reminder is for **ALL CLUB OFFICERS** of Division 12. This will be used to help organize service opportunities, inter-club competitions, and help remind about monthly reports, and other issues that require officer attention. This will allow us to establish an effective line of communication to further the service advancements of our division.

PRESIDENT GROUPME

Once clubs have elected presidents, we will put together a president-specific GroupMe message to help with the day-to-day operations and workings of leading your individual club. Please forward me contact information so that I can get this resource up and rolling quickly!

MONTHLY REPORTS

Monthly reports are a document which details the number of members present to meetings and the amount of service hours completed by each club.

These documents are essential to Key Club and should NOT be overlooked. I will be using this information in my

monthly newsletters (in the Club Shoutouts and Member Spotlight). I will be contacting clubs who have not filled out their monthly reports and try to help in any way possible.

If your club secretary needs more assistance filling these out, please do not hesitate to contact me!

Please, allow me to emphasize how important these documents are. They are used to count service hours and compare them on a district level.
