

April Newsletter

Division 6

Hey guys! My name is Lindsay Miracle and I am the new Lieutenant Governor for our Division 6! I am beyond excited to be able to start working with you guys this year. My hopes are for our division to grow enormously.

This Month:

Throughout the month of April, I am going to start contacting every club. I want to know about what's happening with you guys and formally introduce myself. For this to happen, I would like for you guys to email me at lindsay@ktkey.org . I would like to compile a list of all of my clubs contact information where I am able to reach out when needed.

Also, I would like to get lists of your clubs officers and their contact information. This will help me get an idea of who I will be working with this year and be able to talk to you guys about rallies or divisional meetings. Getting these as soon as possible will be GREATLY appreciated.

As most of you guys know, International Convention is just around the corner. It will be loads of fun for everyone attending! I just wanted to remind you that payments are due very soon. I HIGHLY recommend going to ICON if any way possible. Here, you will get trainings for officers or find new service projects to do! This convention will be very educational to all. Not to mention that you'll meet so many new people. After all, it's an International conversation. You're going be able to make friends with students from many different countries!

I hope to get to know you guys very well this year! Let's make it great!!
