Fun Fact: Key Club had a birthday this month!!

Hey guys! I've made contact with a lot of you this past month. I would like to continue those conversations with you! Please email me for any needs or concerns you have.

DUES, DUES, DUES!!

This month our district hasn't had any new paid clubs. This is completely fine guys but getting this paid is so much easier now! I recommend that you try to get dues paid as soon as possible. Dues give us the ability to keep going in Key Club! If you guys need help on paying dues or anything about it, my inbox is always open! Im here for any questions about anything.

2 0 1 8 **Chicago**

ICON!! Are you guys excited?! It's coming up in about 2 months. This is going to be a week of fun and Key Club family. Make sure that everyone is ready in advance because it's annoying to run off and leave needed items!

Also, make sure to try to do things with your Club this summer. I know school let's out very soon and it may get hard to get in touch with each other but, try! Some ideas are to do a service project like volunteering at a homeless shelter or volunteer to help at the local YMCA!
