Fundraising Idea of the Month:

- Here is the fundraising idea for this month! Check out last month's too!
- Sponsor a powderpuff football tournament at your school! If you do not know yet, powderpuff football is where the girls play football against each other and the guys (dressed up) cheer on the side and perform during half time. It is honestly quite funny and loads of fun. Ask your advisors to help you set one up and charge for admission and drinks. Alternatively, you can also charge people to enter the competition. This is a great way to sponsor unity within your club but also raise money for any good cause.
