DISTRICT PROJECT

The K-T District Project is the Ronald McDonald House. The RMH provides programs that directly improve the health and well-being of hospitalized children and their families. Programs allow families to spend additional time with a sick child, help ease financial burdens, provide a sense of normalcy and keep families together during times of medical crisis. You can participate by:

- Collecting Pop-Tabs to submit at DCON
- Volunteer at your local RMH

OFFICER TRAINING

Here are the prospective dates for our officer training:

- Saturday September 14th
- Saturday September 21st

At officer training we will be discussing how the officer team should be run and how to make a successful club. Members are invited and will have activities to participate in also.

MEMBERSHIP DRIVES

School has started which means Key Club should be booming with new members and fun activities. One way to do this is to throw a membership drive. Membership drives should be a fun activity that is open to all students thinking about joining Key Club. A successful membership drive should bring a 15% increase to your club membership. Some fun membership drive ideas are:

Ice cream socials

Picnics

Group service project

Each club can do many different events, if you need help planning a membership drive, contact me! I would love to come and help!
