SUMMER ACTIVITIES

With summer finally here, plenty of us will have more time on our hands than we will ever know what to do with. I encourage those of us who have this abundant free time to think about donating their time to their community. You can do this by volunteering at a local soup kitchen or animal shelter; making thank you cards for local businesses, fire departments, and hospitals; and/or donating and volunteering at food pantries. While I do encourage these and many other forms of service, I must also stress that your safety, regarding Covid-19, is extremely important. While volunteering, please be sure to take appropriate steps to ensure the safety of yourself and others!
