

# Division Six Scoop

NOVEMBER 2020 | VOL. 8

## Key Club Week

This past week was Key Club Week! It's definitely safe to say that it was a success! I was super stoked to go on our social media pages and see that Key Clubbers all across the K-T District had exhibited their Key Club pride. I know that the pandemic might of served as a small speed bump but it warmed my heart to see your smiling faces. Here's me on the right Showing My K! (It's honestly disappointing how much time I put into getting this photo but we won't talk about it lol)

# Fall Rally Recap

Fall Rally was also a resounding success! I really did hope that we would be able to have it in person and I was so heartbroken to hear that it was canceled. I remember attending my first Fall Rally just last year. I definitely took it for granted! Nonetheless, we held this year's Fall Rally virtually and the District Board and I had so much fun! I had the honor of getting to play Skribbl.io with some of you and let me tell you, your art was just \*chef's kiss\*. It was like seeing two pretty best friends. I loved it and I'm so glad I got to share that with you all :)

## Dues Payment

I understand that it might be difficult to pay dues this year because of the ongoing pandemic. If your club cannot pay dues, you can declare "ACovid Status." Do not, and I can't stress this enough, declare ACovid status unless absolutely necessary. These clubs are forgiven dues this year, but they can't participate in elections, attend district events, apply for scholarships, and most importantly, their members can't say that they were Key Club members for the 2020-21 year. Also, the Early Bird Deadline was moved to December 1st.

### Album Releases That Bring Me Joy

- Confetti by Little Mix- I waited patiently for this one and I love it with every ounce of my being. Little Mix slapped me in the face with this album. I'm not even joking. I have an unhealthy love for their music. Stream Confetti for clear skin.
- The Album by BLACKPINK- Every single song on this album is a bop. You just can't go wrong with BLACKPINK.
- Positions by Ariana Grande- This album SAVED 2020. Miss ma'am Ariana never misses. Ever. I mean c'mon. POV. 34+35. Just like magic. Love Language. Have you ever loved something but in like a violent way? That's how I feel ab this album.
