FAREWELL ADDRESS

These past few months as Lt. Governor have been challenging as I've had to learn and overcome various obstacles throughout my term. This experience has taught me so much and I've been able to make great friends and memories along the way! Thank you all so much for being patient with me as I learned and for supporting through my term, no matter how short it was. It's been an absolute honor to have been given the opportunity to be the Division 14 2020-2021 Lieutenant Governor!

MARCH OF DIMES

Key Club organizations across the country have been working to help raise awareness and money for the March Of Dimes for 43 years now! Key Club international and the March Of Dimes continue to spread awareness and raise money through fundraising alongside the local March For Babies!

March Of Dimes believes that every baby deserves the best possible start! March Of Dimes has been around for 80 years and have helped millions on babies, including me! March Of Dimes support mothers through their pregnancy and advocates for policies that prioritise their health!

All the work that the March Of Dimes does is made possible through support from donors and partners such as Key Club! You can also help by donating, starting fundraisers, support with livestreaming, and by just talking about it and spreading awareness!
