February 1, 2022  
Unpaid Clubs Become  
Suspended

## Introduction

Hello! My name is Audrey Scott and I am so excited to be the Lieutenant Governor for Division 5A. I am 17 years old and a current junior at the L&N STEM Academy in Knoxville, TN. This is my second year in Key Club, and I am so excited for the opportunity to work with everyone this year!

# District Convention Recap

This year, DCON was virtual, but I still had an amazing time getting to know my fellow key clubbers, see the district board candidate speeches, and participate in the Lieutenant Governor's workshop. Key clubbers were given the opportunity to interact with one another via SpacialChat, which ran smoothly most of the weekend. I enjoyed being able to connect with everyone, and I hope to see you all at our next convention!

---

## Spring Board

The KT-District Spring board was held April 9-10 via Zoom where the newly elected district board got the opportunity to meet and interact with each other all together for the first time. We set goals for this year and discussed our responsibilities and duties to each of our divisions and our district. I am excited to see what we will all accomplish between now and Summer Board and I look forward to meeting everyone in person.

# Club Contacts

Maintaining club contacts is essential for me to keep a strong line of communication. It is vital for Division 5A to keep an ongoing and continuous contact so we are all on the same page. Please send me an email with your new Key Club officers and their email addresses, as well as anyone who wants to be apart of this newsletter. If you need help, please do not hesitate to reach out!
