Hey everybody! I am Caden Bayless and I will be your Lt. Governor for the 2021 - 2022 school year! I am currently a sophomore at Sullivan North High School. I joined Key Club because I love going into my community and helping those in need.

My job as Lt. Governor is to help each and every club in my division and lead us through this upcoming school year! I am thrilled to be your Lt. Governor and look forward to what's to come!

Contact Requests

I would really appreciate all the advisors and presidents for each key club to email me so we can be in contact! If you have not yet had an election for your club officers for the 2021 - 2022 school year, it is possible to have elections before this school year is over or during the summer. I am always available for questions and always willing to help!

Key Club International Leadership Conference

This year's ICON will be like no other! Even though it won't be Disney World, we will be doing a virtual ICON that is sure to surprise and excite you! ICON is from the 7th-11th of July.

Recap of Spring Board

This year the District Board had our second virtual Spring Board ever! It was a great experience and all the new Lieutenant Governors learned so much! We appointed our new Bulletin Editor and Historian, and we all got to know each other so well! We are so excited for this next year and I hope you are too!
