## Introduction

Hi everyone! My name is Summer Olmsted and I'm this year's Division 9 Lieutenant Governor.

I'm a junior and Madison Central High School in Kentucky and this is my second year in Key Club. I'm incredibly excited for my term as LTG because I feel like Key Club helps to make a genuine difference in people's lives. This year can be amazing, despite all the uncontrollable difficulties we'll face. Regardless, I can't wait to work with everyone to make Key Club and the world better.

# District Convention Recap

---

As to be expected, DCON this year looked a little different than in the past. However, it certainly wasn't any less exciting. The weekend of March 19th to the 21st was filled with great activities hosted live on *SpatialChat*. This was a program I'd never used before, but it was much more interactive than Zoom or Google Meets, and DCON was better for it. Throughout the three days we gathered in large and small groups for informative LTG-centered trainings, a service project, and even a talent show. It was certainly memorable. The weekend was thoroughly planned and even better executed. I hope to see you at the next one, be it in-person or online again!

## A Successful Spring Board

---

Spring Board was another virtual event that went very well. I got to know both the district adults and other LTGs over the weekend of April 9th through April 11th. We began with simple icebreakers and worked our way up to being a part of 2 committees each within the group. Personally, I'm working with the Technology & Communications committee and the Reactivation committee. This means over the next months I'll be spending my time improving the ktkey website and the communications we have to Key Club members as well as working with specific clubs to reactivate them. I'm excited to work with my peers on the board on these projects and can't wait to send our updates on how everything is going.

## Club Contacts

---

As we begin a new, entirely virtual Key Club year, it's more important than ever to keep in contact with one another. Please reach out if you or anyone in your club would like to be more informed on our district's activities. I'd love to talk individually with any of you and keep improving our district. I'm always welcome to suggestions and appreciate any input I can receive. Also, within your own clubs, officer elections should be held sooner rather than later. I'm happy to help coordinate these if it would be beneficial.

Thank you for reading. Once again, I'm very excited for this year and the progress we can make together. Please don't hesitate to contact me if you'd like any more information on Key Club and the plans I have for this year!
