INTERNATIONAL CONVENTION
International Convention is being held in Washington, DC this year! The K-T District is offering a tour that will be from July 5th to the 12th. Information and registration forms are on the district website (ktkey.org)! Please consider going; it is a great opportunity!

Please plan summer activities for your club to keep students connected throughout the summer! There are many volunteer opportunities throughout the summer such as walking dogs at your local humane society or volunteering at your local food pantry! Your club can even work a lemonade stand to raise money for a certain charity!
