- Unpaid Clubs Become Suspended

Officer Training Recap

Division 12's Officer Training was a success! It took place on September 25, 2022 at the South Central Regional Library in Louisville, KY. We covered topics that will help clubs succeed overall and learned the duties of each officer position. After the training, we discussed important dates and events, divisional service project ideas, and online officer meetings. We ended with the motivational sticky note service project and got to know one another along with some snacks. Thank you to everyone who came!

Dues Payment

Dues are finally payable! To be considered a Key Club, dues must be paid. Paying dues allows you to attend Key Club Events and be eligible for awards. They are now \$14 per member. For easy instructions on how to pay dues, please go to the website below!

Website: ktkey.org/dues/

Early Bird Dues deadline: November 1st
Dues deadline: December 1st.

Key Club Week

Key Club Week gives every member the opportunity to show the community what Key Club is truly about.

Monday: Show your K! Spread the word by wearing Key Club attire.

Tuesday: Kudos to the Key Players! Be sure to personally thank all the Key Club supporters you know.

Wednesday: Dare to Share! You can share the GIPHY sticker on your Instagram story to show what makes you and your club shine.

Thursday: Random Acts of Kindness! Share happiness throughout your community using small random acts of kindness.

Friday: Connect the K's! Celebrate the whole family of Kiwanis by involving local Kiwanis, Circle K International, Builders, K-Kids, Aktion clubs.

Trick or Treat for UNICEF

Funds can be collected from monetary donations, fundraising events, etc. All funds raised by Key Club will go to Start Strong: Zambia.

This is Key Club's project that supports UNICEF's early childhood development efforts in Zambia which focuses on providing sustainable, community-based support to children, families, and caretakers.

Youth Opportunities Fund (YOF)

YOF is a grant given out by Kiwanis. Your Key Club may be eligible for up to \$2000 through the Youth Opportunities Fund. Identify problems in your school, community, or world, and then apply for the grant to receive funds to complete the project. The deadline to apply to the YOF is October 15th. For more information, you can visit the keyclub.org website.
